### 1. INTRODUCTION

This document is published to provide information to trading partners to assist in implementation of the related transaction with Administrative Services of Kansas (ASK). This companion guide clarifies, supplements, and provides further definition for data content of the transaction in addition to or over and above the information included in the implementation guide.

### Scope

The transaction instruction component of this companion guide must be used in conjunction with an associated X12 implementation guide. The instructions in this companion guide are not intended to be stand-alone requirements. This companion guide conforms to all the requirements of an associated X12 implementation guide and is in conformance with X12's fair use and copyright statements.

#### Overview

This Companion Guide is intended to supplement the v5010 ASC X12N Technical Report Type 3 (TR3) implementation guide and any additional errata when exchanging electronically with ASK. Transmissions based on this companion guide when used in tandem with the X12 implementation guide are compliant with X12 syntax and those guides. This Companion Guide is intended to convey information that is within the framework of the X12 companion guide adopted for use under HIPAA. The Companion Guide is not intended to convey information that in any way exceeds the requirements or usages of data expressed in the implementation guide.
